Fund Objectives

Description _____

- It is a closed-end investment company focused on a fixed income strategy.
- Its shares are traded in the Panama Stock Exchange.
- Professional and dedicated fund management.

Objectives _____

- Obtain short-term net returns, investing in a diversified portfolio.
- Preserve capital, attracting sustainable return and investing mainly in fixed income securities with good creditworthiness.
- Diversify in the local market with specific investments in the regional markets.

Diversification _____

- 80 issuers.
- The largest issuer represents 4.48% of the portfolio (the 10 largest: 27.99%).
- Investments in Panama represent 30.07% of the portfolio.

Opportunities _____

- Develop investment strategies while maintaining the best practices of corporate governance.
- Measure diversification by region, industry, term, security, liquidity, and creditworthiness.

Security Selection Process

We have a dynamic selection process, analyzing each investment opportunity from a risk/reward perspective.

Portfolio Construction

- Each security is analyzed through a risk perspective taking into account duration and convexity.
- The portfolio is built on the basis on diversification limits established by the Board of Directors

Why invest in the Fondo Global de Inversiones?

- Excellent yield for the assumed risk.
- We only distribute dividends generated during the month. We do not pay capital.
- We perform a fundamental analysis of the companies.
- Daily appraisal of the securities through external price suppliers.
- We recommend not to invest in other mutual funds, since we are not a fund of funds. Funds that invest in other funds usually generate a double commission.
