FONDO GLOBAL DE INVERSIONES

GLOBAL VALORES

October 2026

OBJECTIVE

The Fund's main objective is to achieve returns that exceed those offered by traditional banking products over a medium- to long-term investment horizon through a diversified portfolio of local and international fixed-income instruments denominated in U.S. dollars. The strategy combines income generation and capital appreciation through the active management of investment opportunities.

THIS DOCUMENT IS FOR INFORMATIONAL PURPOSES AND DOES NOT CONSTITUTE A SALES OFFER. Past performance is not indicative of future results. Total returns asume the reinvestmen of the dividends paid as well as any change in the net asset value. Investments of the fund are subject to market fluctuations and other risks inherent in investing in securities, so the net asset value and realized returns may experience both upward and downward variations, and an investor may not recover the amount invested initially. This document is based on information not audited as of the date indicated above. The interested investors should consult the informative prospectus that is available in the offices of Global Valores, or call to the number 206-2000. Authorized by the Securities and Exchange Commission of Panama, approved by resolution SMV No. 151-17 to act as a closed-end mutual fund.
